	Computing (CP)	NA	*	NA	Must be offered with H2 Maths Students interested in taking Computing are required to sit for the selection test Students should attend the trial lesson offered during the IP activities/orientation before sitting for the selection test
--	----------------	----	---	----	---

Note:

H2 subjects with independent study / coursework component in JC 2. Students are advised NOT to take more than one subject with independent study / coursework component.

Due to resource constraints, the school may offer a particular subject only if there is sufficient demand for the subject.

B. Subject Requirements

1. Students must offer **at least 4 content based subjects**, 3 of which have to be at H2 level. The norm for most JC students is to offer 3 H2 and 1 H1 content based subjects. **At least one of the content based subjects must be of a *contrasting* discipline.**
2. A **contrasting** subject is a content based subject taken outside a student's main area of specialization. The contrasting subject that all students are required to take can be offered at H1 or H2 level. The subject **KI is a contrasting subject for both the Humanities & Arts, and Mathematics & Science.** For example, students doing 3 H2 Math/Science subjects could offer H1 History as a contrasting subject.
3. **All students must also offer GP, PW and MTL at H1 level.** Students may offer KI in lieu of GP.
4. H3 subjects are offered to students who are exceptionally strong and wish to pursue a subject or area in which they have the interest and aptitude. Students offering H3 subject must be prepared to manage a workload beyond the normal subject combination. To read a H3 subject, students **must be offering the same subject at the H2 level.** H3 subject allow students to study the subject at greater depth or in a more specialized area. Please note that H3 subjects are **ONLY** offered to students in JC2.
5. Students are allowed to **take a maximum of 2 H3 subjects.** Other than selected H3 research modules which are conducted from Term 2 of JC1, the other H3 subjects are taught in JC2. Students will be informed of the H3 application process after their JC1 Promotional Examination.

C. Summary of Subject Combinations Offered in Hwa Chong

Please note that there is a **cap of 12 AUs (i.e. Academic Units) per student in their 2 years of study in Junior College.**

Include compulsory subjects: H1 GP, PW & MTL (Total of 3 AUs) in computing total AUs.

No. of H2	No. of H1	No. of H3	Total AUs	Remarks
3	1	-	10	Minimum requirement (Normal load taken by JC students)
3	1	1	11	-
4	-	-	11	Recommended for students eligible for expanded curriculum
3	1	2	12	Only for exceptional students
4	-	1	12	Only for exceptional students
4	-	1	11	Only for students taking H2 CLL.
4	-	2	12	Only students reading H2 CLL will not have the MTL AU counted towards their total AUs. (i.e. H2 CLL is taken in lieu of H1 CL)

Subject Combinations offered with KI

Include compulsory subjects: H1 PW & MTL (Total of 2 AUs) in computing total AUs.

No. of H2	No. of H1	No. of H3	Total AUs	Remarks
4	-	-	10	Strongly advised. Consider as expanded curriculum
4	-	1	11	Only for exceptional students
4	-	2	12	Only for exceptional students
